

Girvan Mains fishing Club Directions and Map

Black Lines indicate start and finish points of the GMFC waters.

Red Stars indicate the 3 access points

Yellow Section – Accessible by coming into town and turning into ASDA (**SAT NAV POSTCODE KA269HF**), as you turn into ASDA there's a mini roundabout, turn right and park over on right at path – walk down towards the river and turn left onto the golf course, cross the 1st green bridge and our section starts there on other bank you have about 200m fishing then – to gain access to other part, go over disused railway embankment, this allows you to fish the triangle, railway bridge and up through the tanks section behind new hospital.

Brown access gate Section and red sections are accessible as follows – (**SAT NAV POSTCODE KA269JE**) if on A77 take the B741 signposted Dailly, you will immediately see Jamieson Welding on your right, turn right at 1st turning towards jamieson welding and you will see a gate with a red GMFC fishing club sign on it, park here and go through gate, over style and down through field to right, millars pool shed is down here (Green Shed) you can start fishing here and work back up river to weirs.

To get to the weirs access directly as above take B741 signposted Dailly – (**SAT NAV POSTCODE KA269JE**), you will immediately see Jamieson Welding on your right, go past that turning and continue on B741 for a few hundred yards, on right you will see a water pumping station, you can park here, as long as beasts are no present in the field you can go through gate next to red GMFC fishing club sign and into field, park on hard standing at top of weirs, this allows you access to rest of the water, right takes you back down to Millars Pool and left takes you around to Dunrannie and onto Cochranes point whereafter the water ends.
